

## Environmental Innovation Solutions (EIS)

**July 19, 2010**

On Thursday, July 15, 2010, BNY Mellon hosted the US-Mexico Chamber of Commerce's special event *Opportunities and Benefits of a Low Carbon Economy – "The Case of Mexico"*.

BNY Mellon hosted the event which included a panel discussion that focused on Mexico in relation to international trends and perspectives. Topics for discussion included:

- Low Carbon Economy Opportunities in Mexico
- State and Trends of the Carbon Market
- The Carbon Market – Significant emission reductions in a cost-effective manner
- Sustainability – Key driver of innovation in Mexico
- US Climate Change Bill/EPA Endangerment Finding/SEC Guidance
- Opportunities for Business at the Climate Summit in Cancun, Mexico

The captivated audience was treated to presentations by industry experts with diverse experience in the environmental markets. [Click here](#) to see the complete list and bios of the panelists. With the UNFCCC's 16th Conference of the Parties (COP 16) scheduled to be held in Cancun, Mexico, from November 29 through January 10, Mexico is in a position to take center stage in the environmental markets.
