With its subsidiaries, BNY Mellon has been in business since 1784.

We divide our businesses into two principal segments, Investment Management and Investment Services. We also have an Other segment, which includes credit-related services, the leasing portfolio, corporate treasury activities (including our investment securities portfolio), our equity interest in ConvergEx Group, business exits and corporate overhead.

For a further discussion of BNY Mellon's products and services, see the "Overview", "Summary of financial results", "Fee and other revenue – Foreign exchange and other trading revenue", "Review of businesses" and "International operations" sections in the MD&A section in the Annual Report and Notes 24 and 25 of the Notes to Consolidated Financial Statements in the Annual Report, which portions are incorporated herein by reference. See the "Available Information" section on page 1 of this Form 10-K, which is incorporated herein by reference, for a description of how to access financial and other information regarding BNY Mellon.

Our two principal banking subsidiaries are:

- The Bank of New York Mellon, a New York state-chartered bank, which houses our Investment Services businesses, including Asset Servicing, Issuer Services, Treasury Services, Broker-Dealer and Advisor Services as well as the bank-advised business of Asset Management; and
- BNY Mellon, National Association ("BNY Mellon, N.A."), a national bank, which houses our Wealth Management business.

Our two principal U.S. banking subsidiaries engage in trust and custody activities, investment

management services, banking services and various securities-related activities.

We have four other U.S. bank and/or trust company subsidiaries concentrating on trust products and services across the United States: The Bank of New York Mellon Trust Company, National Association, BNY Mellon Trust of Delaware, BNY Mellon Investment Servicing Trust Company and BNY Mellon Trust Company of Illinois. Most of our asset management businesses, along with our Pershing businesses, are direct or indirect non-bank subsidiaries of BNY Mellon.

Each of our bank and trust company subsidiaries is subject to regulation by the applicable bank regulatory authority. The deposits of our U.S. banking subsidiaries are insured by the Federal Deposit Insurance Corporation to the extent provided by law.

BNY Mellon's branches and subsidiaries outside the United States are subject to regulation by non-U.S. regulatory authorities in addition to the Board of Governors of the Federal Reserve System (the "Federal Reserve"). The Bank of New York Mellon SA/NV ("BNYMSA") is the main banking subsidiary of The Bank of New York Mellon in continental Europe. It is authorized and regulated as a credit institution by the National Bank of Belgium and is also supervised by the European Central Bank.

BNYMSA has its principal office in Brussels and branches in Amsterdam, the Netherlands; Dublin, Ireland; Frankfurt, Germany; London, England; the City of Luxembourg, Luxembourg and Paris, France. BNYMSA's activities are in the Investment Services segment of BNY Mellon with a focus on global custody, asset servicing and collateral management. For additional discussion, see the "MD&A — Supervision and Regulation" section in the Annual Report.

Report, which portions are incorporated herein by reference.

### *Primary Subsidiaries*

Exhibit 21.1 to this Form 10-K presents a list of BNY Mellon's primary subsidiaries as of Dec. 31, 2014.

## **Supervision and Regulation**

Information on the supervision and regulation of BNY Mellon can be found in the "MD&A — Supervision and Regulation" section in the Annual Report. That information is incorporated into this item by reference.

## **Competition**

BNY Mellon is subject to competition in all aspects and areas of our business. Our Investment Management business competes with domestic and international asset management firms, hedge funds, investment banking companies and other financial services companies, including trust banks, brokerage firms, and insurance companies. Our Investment Services business competes with domestic and international financial services firms that offer custody services, corporate trust services, clearing services, collateral management services, credit services, securities brokerage, foreign exchange services, derivatives, depositary receipt services and cash management services and related products, as well as a wide range of technology service providers, such as financial services data processing firms. Competition is based on a number of factors including, among others, customer service, quality and range of products and services offered, price, reputation, rates, lending limits and customer convenience.

Many of our competitors, with the particular exception of financial holding companies, banks and trust companies, are not subject to regulation as extensive as that described under the "MD&A — Supervision and Regulation" section in the Annual Report and, as a result, may have a competitive advantage over us and our subsidiaries in certain respects.

Many broad-based financial services firms have the ability to offer a wide range of products, from loans, deposit-taking and insurance to brokerage and asset

management, which may enhance their competitive position.

As part of our business strategy, we seek to distinguish ourselves from competitors by the level of service we deliver to our clients. We also believe that technological innovation is an important competitive factor, and, for this reason, have made and continue to make substantial investments in this area.

The ability to recover quickly from unexpected events is a competitive factor, and we have devoted significant resources to being able to implement this.

For additional discussion regarding competition, see "MD&A — Risk Factors – We are subject to competition in all aspects of our business, which could negatively affect our ability to maintain or increase our profitability" in the Annual Report, which is incorporated herein by reference.
